

MEDICAL & LEGAL CASE ANALYSIS

EXPERTISE • EXPERIENCE • PROFESSIONALISM

Complex medical cases need the proficiency of a Medical-Legal Nurse Consultant. With 30 years of healthcare industry knowledge and experience, Denise W. Wrenn and Associates provides valuable legal nurse consulting, life care planning, and medical cost analysis to benefit attorneys and their clients, insurance companies, healthcare facilities, government agencies, and private companies.

BENEFITS

- ✓ Improves efficiency by saving time and money
- ✓ Brings healthcare expertise to case development
- ✓ Gives attorneys greater flexibility to focus on legal matters
- ✓ Understands all facets of the standard of care in a community
- ✓ Promotes effective communication through testimony and written reports

LEGAL NURSE CONSULTING

- Provides medical record analysis
- Conducts medical, nursing and other areas of research
- Reviews, interprets, and summarizes medical records
- Prepares chronologies, timelines, and other summaries
- Identifies standards of care in medical malpractice cases
- Determines plaintiff's future medical needs and associated costs

LIFE CARE PLANNING

Life care plans are developed for individuals with injuries or chronic conditions requiring complex long-term health care services and management throughout a lifetime. This document provides an organized, concise plan estimating reasonable and necessary (and reasonably certain to be necessary) current and future healthcare needs with associated cost and frequency of goods and services.

MEDICAL COST ANALYSIS

Medical cost analysis is used to identify the value of a claim through reviewing medical records and researching future treatment for the reasonable and customary cost in a client's geographical area for settlement. This analysis is a valuable tool for setting reserves, determining settlement exposure and deciding the best time to settle.
